the Ayushman Bharat scheme. It will improve transparency and help the transformation of the Indian Healthcare sector.

PM Modi's focus on Skill India is crucial as India as a country need to move beyond contract manufacturing, the 'Make in India' focus must go hand-in-hand with 'Make for the world', efforts should be intertwined with innovation for maximum output and reach of our products and services. Taking the help of technology to reach out to the masses and hitting the right chord with critical reforms and policies will take India to a New, Modern & Developed Era.
